

## ***Lamb Meatballs***

This is a delicious recipe to cook inside any of your Caliber Appliances (grill, smoker or oven), and a popular recipe to serve over the holidays. Preheat oven or grill to 375°F. Mix lamb, garlic, shallots, jalapeño, mint, soy sauce and black pepper together. Roll meat into 2 inch diameter round balls. As they are made, place the meatballs in an oven-proof dish or skillet. Cover with aluminum foil and bake or grill for about 20 minutes or until meatballs are cooked all the way through. This recipe serves about four people as an entrée or makes a great appetizer to serve at a party.
